

Better fuel economy & reduced emissions

Less Maintenance

More power to the wheels

Free training & service tools

THE SOFTWARE DIFFERENCE

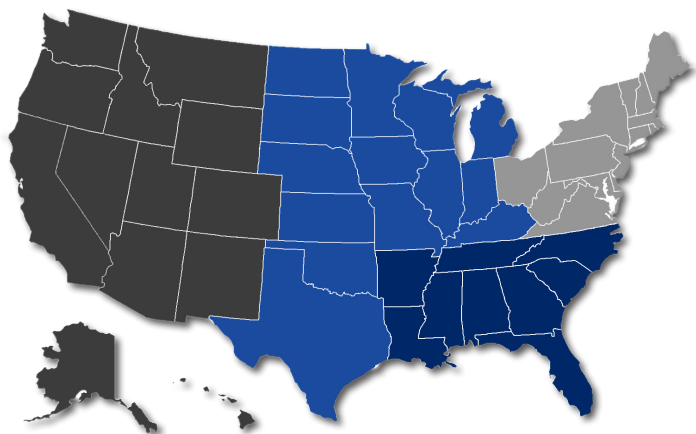

EMPredict

Controls fans operation to adjust fan speed before the temperature changes

EMPrecision

Controls individual fans to provide cooling exactly where it's needed

UNPARALLELED SERVICE & SUPPORT

Industry leading diagnostics

Nationwide on-site training

No-cost service tools and support

Technical service, application, and engineering support.

APPLICATIONS

OEM & Aftermarket	Transit & Coach
Diesel	Off-Highway
CNG, LNG	Refuse
Hybrid	Power Gen

INSTALLATION KITS

Communication kit
Power distribution kit (with alternators)
Mounting hardware
Piping kit
